Helping KIDS fight CANCER one trip at a time.

Compass to Care Child- Karter

COMPASS TO CARE CONNECTION | MAY 2022

GO GRAY IN MAY

Did you know that brain cancer is the second most common type of cancer in children? 13,657 children are estimated to be living with a primary brain tumor in the United States and pediatric brain tumors are the leading cause of cancer-related death among children and adolescents ages 19 and younger in the United States.

Getting to treatment is vital in helping these children see a healthier tomorrow. **Compass to Care is a critical part of that journey toward a cure and you are making our work possible.**

Unfortunately, for some forms of brain cancer, there is no cure. The entire pediatric oncology community is fighting together to find a cure. This means children must travel to distant clinical trials to help find a cure. Your support of Compass to Care is making it possible for these children to reach these trial sites, which will hopefully lead to a cure one day.

We thank you for all you continue to do to give children a fighting chance to become survivors. Your support changes and often saves lives.

#HopeTravels

THANK YOU TEAM FALLICO, FARMER'S INSURANCE & RITA'S ITALIAN ICE

It was a rainy night, but one filled with lots of sunshine inside [Rita's Italian Ice & Frozen Custard](#) when [Dreamtown Realty-Team Fallico](#) and [Eddie Hamzic-Farmer's Insurance](#) gave away free sweet treats to the Park Ridge community.

But the happiness didn't end there. 10% of all of the nights sales were donated to help Compass to Care's kids travel to cancer treatment.

3,160,000 MILES AND COUNTING...
2021 YEAR IN REVIEW

DID YOU SEE OUR ANNUAL REPORT?

We are proud to present our [2021 Annual Report](#) to you. Everything contained within this document is a reflection of all you made possible and the lives you have changed with your generosity.

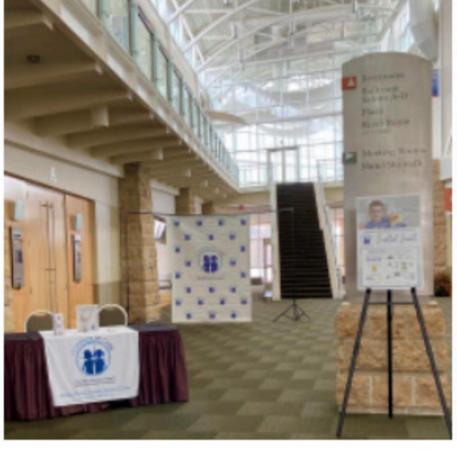

Our gratitude runs deep for your belief in our mission and your willingness to lend during the most difficult time in a family's life. Thank you for being our partner and our friend and for helping our kids fight cancer, one trip at a time. #HopeTravels

THANK YOU DUBUQUE

We would like to take this opportunity to convey our heartfelt gratitude for your generous support of Compass to Care's Breakfast Benefit on Tuesday, April 26th in Dubuque. With your support, we raised over \$56,000 to support our kids!!!!

This is such an important and special event for us and we are honored to have so many amazing businesses and individuals in the community standing by our side as we ensure all children can access life-saving treatment.

Thank you to Christopher Klar's mother, Sarah, for giving us a glimpse inside her son's cancer journey that has led to REMISSION!
