About the Event

Compass to Care's An Evening of Hope is our signature annual event, raising critical funds to remove transportation barriers for children traveling to life-saving cancer treatment.

Join us for an inspiring evening overlooking downtown Chicago and the Chicago River, featuring contemporary American tavern fare, a silent auction, live music, and a powerful story from a former Compass to Care beneficiary.

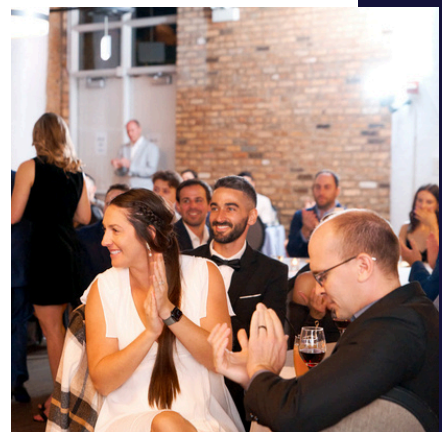

Every dollar raised helps more children get the care they need to continue their fight against cancer.

Why This Event Matters

One in five children diagnosed with cancer lives in poverty. For many families, the cost of travel becomes one more barrier between their child and life-saving treatment.

Compass to Care removes that barrier by providing free transportation support for children who must travel for cancer treatment and clinical trials. Through gas cards, rideshare, flights, lodging, and other travel assistance, we help families reach the care their child needs.

An Evening of Hope is our signature annual event, bringing together compassionate supporters to raise critical funds for this mission.
